

# Fortnite Battle Royale

Fortnite Battle Royale is rated PEGI 12 because it features moderate violence which means it is not suitable for persons under 12 years of age.

It is important to remember that when rating games, PEGI do not take into consideration the communication features of a game. Fortnite does include a chat facility, which adds further risks.

## What is Fortnite?

There are different versions of Fortnite, including Battle Royale, which is free to play (although in-app purchases are available). In Battle Royale up to one hundred players compete against each other.

## What do I need to be aware of?

- **Chatting to strangers and inappropriate language:** Fortnite contains voice and text chat. Due to the nature of the game, your child may be chatting to strangers and may hear inappropriate language. Ensure your child knows how to report players for any inappropriate behaviour.
- **In app purchases:** All users can purchase V-Bucks directly through the game so make sure you don't store your card details within the game/device and restrict purchases.

## Parental Controls

Fortnite includes several parental controls to help you make it a safer environment for your child including disabling voice chat, filtering language and setting privacy settings. **Also, remember to set up age-appropriate parental controls on the device your child is playing on.**
